

INTERESTED IN LEARNING MORE ABOUT HOW TO REDUCE BREAST CANCER RISK?

We are conducting a study for women who are at higher than average risk for breast cancer. As part of the study you will:

- Learn about your own breast cancer risk – we will share information about your estimated breast cancer risk based on questions you answer
- Receive educational materials that are designed to help you make decisions about strategies for breast cancer prevention
- Complete surveys and get up to \$70 for participation
- Give us permission to share your breast cancer risk information with your health care provider
- **For more information, please contact Jennifer Vargas at (212) 851-4921/kyras@cumc.columbia.edu or send us your contact info at www.bit.ly/BCpreventionstudy**
